

July 2021

Dear Friend:

The Androscoggin Valley Hospital Auxiliary is happy to announce the return of its annual Golf Tournament scheduled for Friday, September 17, 2021, at the Androscoggin Valley Country Club in Gorham, NH. Registration begins at 7:30 AM with a shotgun start at 9 AM. We invite you to be a sponsor and/or prize donor of our four-golfer team, scramble Tournament.

The goal of the Tournament is to raise funds to benefit Androscoggin Valley Hospital. This year, with your support, we hope to purchase a new Tono-Pen AVIA Handheld Tonometer for the Emergency Department, Stairway GTL for the Rehabilitation Department, Bio-Logic AuDX Pro Flex Tympanometer for the Audiology and Hearing Aids Clinic, GlideScope Go for the Intensive Care Unit, and a Mobile Healthcare Recliner for the Pain Management Clinic. Please see the enclosed flyer for more information.

Top three teams will win cash prizes, and all golfers will receive a complimentary special AVH logo gift, golfer goodie bag, souvenir prize, continental breakfast, BBQ (on course and at club house), photo of their foursome, and entry to all contests except Team Skins and "Hit The Green to Double Your Money / Vegas Hole" contests. We'll have a 50/50 Raffle and Tournament Raffle Drawing for which you may buy tickets. Drawings follow the Tournament.

The Tournament is limited to 144 golfers, so please send in your form as soon as possible. A self-addressed, postage-paid envelope is enclosed for your convenience. If you have any questions, please feel free to contact me at 603.326.5676, linda.morris@avhnh.org, or my assistant, Donna Godin, at 603.326.5607, donna.godin@avhnh.org. We appreciate your consideration and look forwarding to hearing from you! We can't wait to see everyone on Friday, September 17, in the beautiful Fall season of northern New Hampshire. Have a wonderful, safe summer!

Sincerely,

Linda Morris

I have no preference who I golf with.

AVH Auxiliary Golf Tournament

Friday, September 17, 2021

Beneficiaries of Tournament Proceeds

Tono-Pen AVIA Handheld Tonometer by Reichert

Beneficiary: AVH Emergency Services Department

This Tono-Pen measures eye pressure to detect glaucoma. It will be used to evaluate patients in the Emergency Department who present with certain vision and eye injury complaints. Elevated eye pressures that are not detected and corrected can result in loss of vision.

The Stairway GTL by Jacobs Ladder

Beneficiary: AVH Rehabilitation at the Gorham NCH Outreach Clinic

The Stairway is a remarkable machine that is designed to challenge users by increasing leg and core strength along with improving cardiovascular health and endurance. The equipment will be used on a daily basis to assist patients who are recovering from total knee replacements, total hip replacements, ankle injuries, back surgery, and generalized deconditioning.

Bio-Logic AuDX Pro Flex Tympanometer by Natus Medical

Beneficiary: AVH Surgical Associates Audiology and Hearing Aids Clinic

The Tympanometer measures the function and movement of the eardrum and middle ear to detect the presence of fluid in the middle ear, middle ear infections, a hole in the eardrum, or Eustachian tube dysfunction. This unit is mobile and will be used in both the Berlin and Lancaster clinics.

GlideScope Go by Verathon

Beneficiary: AVH Intensive Care Unit

This portable video laryngoscopy system will be used to assist providers when placing breathing tubes. Video laryngoscopy has been essential during the COVID-19 pandemic to help limit healthcare professionals' exposure to contagious pathogens. Video laryngoscopy helps to increase providers' success in placing breathing tubes, even in difficult airways. This new unit in the ICU will complement AVH's two units located in the ED and Operating Room.

Mobile Healthcare Recliner (Bariatric Model) by Lazy Boy

Beneficiary: AVH Surgical Associates Pain Management Clinic

The recliner would be used for all patients receiving infusions for chronic pain. It is very important for patients to have a quiet, calm, and comfortable environment throughout their infusion.
